A. Quality of student work, pace and content, appropriateness of teaching methods and action(s) taken to resolve any problems

This course covers relatively few hours of lectures, and plenty of lab work. In alignment with the above, the course is fully assessed by coursework. Students have so far enjoyed the practical work, and responded well, with good quality work and correspondingly high grades. There are no actions required to change the delivery of the module.

B. Any Learning Resources problems which have affected the provision of the course unit (quality of lecture or tutorial rooms, laboratory or IT facilities and **action taken or planned**
