2013 Entry Level Opportunities - Software Engineers (London)
Ref: 2013EL
Closing date: 31/03/2013
Location: London

We are currently recruiting Entry Level Software Engineers to commence in Summer 2013.

You will have completed or be currently in your final year of a degree in any of the following:

- Computer Science
- Software Engineering
- Electrical & Electronic Engineering
- Computing & Information Technology
- Business & Information Technology
- Any Physics, Maths or Business degree with at least 30% computing content
- MSc Conversion Course

NB. In the absence of a relevant academic qualification, comparable relevant experience will also be considered.

Successful applicants will have a strong technical aptitude, excellent team working skills, initiative, good communication skills and business awareness.

If you would like to apply for any of these positions please email your CV to careers@kainos.com before 5pm on **31st March 2013**, stating clearly the position for which you wish to be considered.
