

## HSBC Securities Services 2015 opportunities – Full Time Analyst and Summer Internship Programme, UK and Asia

Shanghai – Full Time Analyst Roles  
Hong Kong – Summer Internships

Edinburgh – Full Time Analyst Roles  
London – Summer Internships

HSBC Securities Services, as part of HSBC Global Banking and Markets, acts as the link between market issuers and global investors. It plays a **pivotal role within global financial systems** and requires an **in-depth understanding of our clients** in the investment management, corporate and public sectors. Right now, we are looking to plant the seeds for growing the best and brightest people, to help shape the future of our business and our bank.

2015 career opportunities with HSBC Securities Services will help you to build your expertise in custody, capital market operations and treasury and fund middle office services. Our 10-week Summer Internship Programme and two year Securities Services Graduate Programme will help you gain the experience needed to build a rewarding career in this incredibly fast-paced and challenging industry.

### Full Time Analyst

Our two-year programme will provide you with the exposure and experience to establish and develop your career within HSS and across HSBC. You will gain experience through four six-month rotations in **Sales, Product strategy, Operations and Risk**, one of which will be based in one of our international hubs. The programme will also include the opportunity to study for an internationally recognised professional qualification, the Investment Operations Certificate.

### Summer Internship

After an initial induction programme, you will complete a nine week placement building experience in **custody services, investment operations, fund administration, middle office services, corporate trust and loan agency**. You'll gain first-hand experience of live projects and client exposure and you will have the chance to learn more about products and services across HSBC Securities Services.

### Requirements

All candidates for both programmes should possess (or be on track to achieve) a **2:1** or above in any degree discipline, along with **320 UCAS points**. You will have strong analytical, numerical and interpersonal skills and enjoy taking on new challenges and work well within an international team.

To be eligible for the Summer Internship, candidates must be in their **penultimate** year of study and due to graduate in **2016** and for Full Time roles must have graduated recently.

To apply please select the relevant vacancy and submit a brief online application [here](#) by **Monday 23rd of February**.

If you have any questions about the programme or for more information on the recruitment process please contact Soni Bains ([Soni.Bains@gtisolutions.co.uk](mailto:Soni.Bains@gtisolutions.co.uk)) on +44 (0)207 0611936.
